

TOWN OF NEWINGTON

BID NO. 6, 2013-14

Playground Wood Fiber

ADDENDUM NO. 1

MAY 6, 2013

The following additions, deletions, clarifications and changes are hereby provided and shall be considered an integral part of the bid documents. This Addendum consists of one (1) page.

Add the following to the specifications:

AWARD

The Town reserves the right to make one or more awards as the result of the bids received and to act in its own best interests. The Town will choose to combine or split awards, in whichever manner the Town determines will be in its own best interests.

The following question regarding the Newington playground wood fiber bid specifications has been received by the Town and the Town's response follows the question.

Question #1: I have a question on the per cubic yard price delivered to individual sites within Newington. Do you mean that to be for deliveries less than 35 or 80 cubic yards? Say, for example, 10 yards to Mill Pond Park? Or are you saying 35 or 80 cubic yard loads delivered to another site in town versus the parks garage? Response: This refers to item 3 of the Quantity specification on page 5. The size and location of deliveries for individual drop sites will vary, and in most instances they will be less than 35 cubic yards. There are instances where quantities other than 35 or 80 cubic yards are needed, and there may be instances when the Town's employees and the Town equipment used to load and transport material can be more effectively used elsewhere.

END OF ADDENDUM NO. 1
